SUMMARY

Third-year student with hands-on experience in MERN and Flutter application development. Skilled in Java, SQL, React, and full-stack workflows with strong problem-solving abilities and a focus on scalable application design.

EDUCATION

G H Raisoni College of Engineering and Management, Pune   **2024 – 2027**
Bachelor of Technology (Computer Engineering) — CGPA:8.41 (Current)   *Pune, Maharashtra*

Government Polytechnic Jintur, Parbhani   **2021 – 2024**
Diploma in Computer Engineering — Percentage: 83.09%   *Parbhani, Maharashtra*

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, C, C++.
Web Development: HTML, CSS, Bootstrap, Tailwind, React.js, Node.js, Express.js.
Databases: MySQL, MongoDB.
Frameworks & Libraries: REST APIs, Flutter.
Tools & Platforms: Git, GitHub, VS Code, Postman.
Core Concepts: OOP, DSA.

PROJECTS

AI Powered Blog Application | MERN Stack

- Developed a full-stack blogging platform using MongoDB, Express.js, React.js, and Node.js with an integrated AI-based content generation feature.
- Implemented an admin dashboard to create, edit, delete, and manage blog posts and user comments securely.
- Integrated ImageKit API for efficient image upload, optimization, and CDN-based media delivery.
- Built RESTful APIs for authentication, blog management, and comments with proper role-based access control.

Zerodha Trading Platform Clone | MERN Stack

- Built a MERN-based trading platform simulating Zerodha with real-time stock data fetched from public APIs.
- Implemented watchlist creation, price tracking, and dynamic stock movement indicators.
- Designed a responsive React UI with reusable components and optimized state management.
- Developed secure REST APIs for user portfolio handling and persisted data using MongoDB.

Portfolio | HTML, CSS, JavaScript, React.js

- Developed responsive web modules using HTML, CSS, JavaScript, and backend frameworks.
- Improved recruiter engagement by offering a structured, modern, and interactive layout.

EXPERIENCE

Internship   **June 2023 – July 2023**
Sumago Infotech

- Developed end-to-end web modules under senior developer guidance using HTML, CSS, JavaScript, and backend frameworks.
- Assisted in building REST APIs and integrating frontend with backend services.
- Worked with databases to perform CRUD operations and data validation.

ADDITIONAL INFORMATION

Certifications: Core & Advanced Java Programming
Achievements: Participated in Smart India Hackathon (College Level), 1st prize in Technical exhibition at Government Polytechnic Jintur, Parbhani.
